CAME BACK RHEUMATISM

The Laboratory of the System system, in which certain mysterion processes are constantly going on. den with the elements of vitatity to the remotest parts of the system .-But when the stomach is semi paralyzed by dyspepsia, blood manufacture is carried on imperfectly, the circulation grows thin and sluggish, and the system suffers in consequence. Moreover, indigestion reacts upon the liver and bowels, rendoring the first sluggish and the intter constipated. The brain also suffers by sympathy, and sick headaches. sleeplessness and nervous symptoms are appendered. Hasletter's Stomnels Bitters reforms 'this state of things. gives permanent tone and regulbrity to the stemach and its associate organs, the bowels and liver, and ensures complete nourishment, and increased vigor of the system. It is the most popular as well as the most efficient anti-dyspeptic and tonic in America.

The Antecedents of Disease, Among the antecedents of disease are inertness in the circulation of the blood, an unnaturally attenuated condition of the physique, indicating that the life current is deficient in nutritive properties, a wan, haggard loss of appetite, sleep and strength, and a sensation of minatural languor.

All these may be egarded as the indicia of approaching disease, which will eventually a lack the system and overwhelm it if it is not built up and fortified in advance. Invigorate, then, without loss of time, making choice of the greatest vitelizing agent of tant, Hostette Slomach Bit on elizir which as given health and vigor to myring of the sick and debillitated, which is avouched by physiciaus and anlaysts to be pure as well as effective, which is immensely popular in this country, and extensively used abroad, and which has
